

AMENDMENTS TO THE SPECIFICATION

IN THE TITLE

Please replace the title with the following amended title:

IMAGE CAPTURING APPARATUS FOR ADJUSTING A RELATIVE POSITION
BETWEEN AN AND-IMAGE SENSOR AND AN OPTICAL AXIS

IN THE SPECIFICATION

Please replace paragraph [0004] with the following amended paragraph [0004]:

[0004] A technology for manufacturing a large-area image sensor by arranging image sensors has already been used, and such an image sensor is called a buttable image sensor. For example, in scientific field such as astronomy in which large-area image sensors are ~~required~~ required, allowing the demarcation lines between blocks to appear on the reproduced images, very-large-area image sensors are manufactured by the buttable image sensor technology.
